

After (text.kerning_factor = 0)

The image displays a plot with four lines of text. The x-axis and y-axis both range from 0.0 to 1.0, with major tick marks every 0.2 units. The text is rendered in a bold, monospaced font. The first line is 'BRAVO' at y=0.8, the second is 'AWKWARD' at y=0.6, the third is 'VAT' at y=0.4, and the fourth is 'W.Test' at y=0.2. The text is left-aligned, and the lack of kerning is evident in the uneven spacing between characters, particularly in the second line 'AWKWARD'.

BRAVO

AWKWARD

VAT

W.Test
